# VIKING VALHALLA!

## Employee Donor Form

Thank you for supporting Viking Valhalla! This campaign, previously named Campus Quest, has generated \$2.2 million towards an overall goal of \$4.2 million. In total, so far, we have reached the halfway mark of this fundraising initiative!

Campus Quest was created to build a facility, now known as Holland Field, that our community and district are proud of, rivaling that of other area Division I schools in Southwest Ohio.

***Through our ongoing efforts with Viking Valhalla, this vision will continue to support athletics and extracurricular activities on the campus of MHS.***

Holland Field has created new opportunities for youth sports, performing and visual arts, PE classes, district elementary school's field day activities, the Miamisburg Wellness Program, community outside rentals such as OHSAA tournament games, and the ability to host MHS Graduation on site. The Miamisburg City Schools community has benefited from new restrooms, concessions and added parking. Phase I is in full operation....Holland Field is open...but we still need your help! In Phase II, we envision a turf practice field, varsity softball field, new indoor track and new bleachers for the MHS gym and Veterans Field.

Please send this completed form to Brenda Hibberd at the Board of Education Office.
